Subject: message from Dimock resident about neighborhood situation

FYI

I got a voice mail from someone along Meshoppen Creek Rd (no name) that wanted us to know the [redacted] residence is responsible for a serious manure run-off issue. She said that the [redacted] Ex. 6 - Personal Privacy's property has been impacted by their animals manure... that its in the street and embankment after it rains, and it's been a real problem for a while.

Just passing along the info. Don't know if it will affect your sampling plans at that location.
Call if any questions.
Thx.
